 All trains daily.

J. A. Hamilton, Agent,  
 Crossville, Tenn.

## COURTS CONVEENE:

Circuit Court—First Monday in February, June and October.

Chancery Court—First Tuesday after fourth Monday in February and first Tuesday after first Monday in August.

Wednesday, July 7, 1915.

## CAUSE OF PROSPERITY.

"However much we may differ as to the exact character of the causes, this much is certain: That in this country prosperity has invariably accompanied protection, while business and industrial depression have just as invariably gone hand in hand with free trade."

This statement, made on the floor of the Senate in September, 1913, by Senator Sutherland of Utah, proves that statesman a true prophet.

The sooner we stop theorizing and get back to the sound basis of protection and prosperity the better it will be for American people and American interests.

## HIGH PRICE OF WHEAT.

Large demand from Europe or American wheat caused high prices here and induced American farmers to sow much more grain than usual.

Fields which otherwise would have been summer-fallowed, were sown to wheat last fall or this spring, because of the prospect of large returns.

The wheat crop will be a bumper and because of the urgent demand, there will be pressure for early shipment.

Anticipation of the demand for cereals, together with low prices quoted by car builders has caused several roads to add to their equipment, but the orders are a direct result of the war and not, as Democratic papers would have us believe, a consequence of economic conditions in spite of the war.

One of the things that is working for a rapid advance along the lines of general prosperity in the south is the growing disposition of southern farmers to diversify their crops. The all cotton idea is rapidly giving way to the idea of cotton for the money crop along with diversified farming for most of the food consumption of the south.

It is generally admitted that no section of the United States is so well adapted to diversified farming as the south for here can be grown anything that can be grown in the northern section of the country and many things that northern farmers cannot grow.

## Pomona

Never before in its history has our star spangled banner brought to our hearts a deeper significance of what it stands for than on this last July 4th. The folly, as well as the brutality, of war is now being demonstrated in all its horrors across the Atlantic; and as we look on our beloved flag, emblem of love, purity and truth, we should all join in one great resolve that ours shall always be the banner of a country at peace and in harmony with man and with God.

Miss Carolyn Gilmore, of Highland, Kansas, is spending the summer with her sister, Mrs. Nathan Lemert.

Mr. and Mrs. F. A. Bacher and children, of Chattanooga, are with Mr. and Mrs. F. H. Washburn for the summer.

In spite of the inclement weather many of our people attended the celebration at Crossville Saturday.

Corn that insists on towering far above man's humble head, potatoes that are not satisfied with the usual size allotted to potatoes, but have the pumpkin, as for bulk, as an ideal, beans that have to be picked from a step-ladder, and other crops of similar proportions, now abound in Pomona.

Mr. and Mrs. Geo. Wilt entertained in their usual hospitable way Mr. and Mrs. J. T. Weaver and Mr. and Mrs. A. W. Benedict on the evening of the 25th of June; the occasion being Mr.

## A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. No. 120

Wilt's 43rd birthday. Delicious refreshments were served and a most enjoyable evening was spent.

Rev. Martin will hold special services at the Congregational church on the evening of July 18th.

Mr. and Mrs. Stedman, and two children, of Chattanooga, were the guests of their friends, Mr. and Mrs. Bacher, last Monday, arriving in their touring car Monday morning, and returning home the following day.

Mr. and Mrs. David Fleming, of Nashville, are the guests of Mr. and Mrs. A. W. Benedict.

George Smith, of Cleveland, Ohio, was in Pomona last week.

Mrs. J. B. Johnson, of Crossville, is the guest of Mrs. P. W. Clark.

## SOME DEEP WELLS.

They Are Not All In One State or the United States.

The deepest well in the world is in Upper Silesia, in the German Empire. It is a diamond-drill hole in a coal field and is 7,350 feet deep.

A well in the United States which may go deeper, according to the United States Geological Survey, is 4 miles northwest of McDonald, Pa., and about 15 miles west of Pittsburgh. This well, which is being sunk to the Medina sandstone—a bed that elsewhere contains oil and gas—is now 7,174 feet deep. Some gas and oil were struck in the upper part of the well. Between the depths of 6,830 and 7,100 feet rocks bearing rock salt and salt water were encountered. These are regarded as of Salina age, the same as those carrying rock salt in western New York. The temperature in this well at the depth of 6,775 feet, as recently determined with great accuracy, is 145.8 degrees Fahrenheit.

At Derrick City, McKean county, Pa., near Bradford, there is a well 5,890 feet deep, which is probably the second deepest well in the United States.

Another deep well is on Slaughter Creek, Kanawha county, W. Va.; it is 5,595 feet deep. It penetrated a sandstone at 5,030 to 5,050 feet, and from this depth to the bottom, a distance of 545 feet, the well is in limestone.

Near West Elizabeth, Pa., there is another well 5,575 feet beneath the surface, penetrating into a black shale.

Another deep well is being drilled at Gaines, Pa. This has already reached a depth of 5,500 feet.

Deep well drillers in this country of course employ the most improved and effective rigs, but one of the most remarkable of wells, reaching a depth of 3,600 feet, was drilled for petroleum in western China by means of such crude appliances as a cable made of twisted strands of rattan.

## YOUR COUGH CAN BE STOPPED.

Using care to avoid draughts, exposure, sudden changes, and taking a treatment of Dr. King's New Discovery, will positively relieve, and in time will surely rid you, of your cough. The first dose soothes irritation, checks your cough, which stops in a short time. Dr. King's New Discovery has been used successfully for 45 years and is guaranteed to cure you. Money back if it fails. Get a bottle from your druggist; costs only a little and it will help you so much. 3.

## Would You Marry for \$4,000,000?

That is what Hall Bonistelle had to do to inherit a fortune, and do it within a few hours, at a time when the thought of quitting bachelorhood was farthest from his mind.

## Only a Few Short Hours

are given him in which to find a bride. He immediately proposes to three charming girls of his acquaintance and they all accept his offer. Then his real troubles begin—troubles of which he had never dreamed—troubles which come thick and fast.

## When All Seemed Lost

and when hopes of the future with the girl of his choice and riches to satisfy every whim and desire are blasted, the one little feminine creation with whom he is really in love, saves the day—and the fortune. But read the story. It's the new serial to appear in this paper. *Love in a Hurry* is the title. Watch for it!

## Report of the Condition of the FIRST NATIONAL BANK,

at Crossville, in the State of Tenn., at the close of business June 23, 1915. No. 9809.

## The Difference.

Young girls begin half they say with "When I get married." Married women start everything with "When I was a girl."—*Atchison Globe.*

## Know Little of Anatomy.

Most Chinamen know little of anatomy. They have an idea that the heart and stomach are connected and that the epigastrium is the seat of thought. They also imagine that the gall bladder is the seat of boldness and that all schemes requiring that quality originate in it.

## ARE YOU FEELING FIT?

Do you envy the man or woman of untiring energy, strong body and happy disposition? All these depend upon good health, and good health is impossible when the kidneys are diseased. Foley Kidney Pills help the kidneys cast out poisons that cause backache, rheumatism, and other symptoms of dangerous kidney and bladder troubles. For sale by Reed & Burnett.

## SUFFRAGE SAUSAGE.

The contributions made for the suffrage campaign in Louisiana vary all the way from a two hundred dollar check to breast-bins and pigs.

Many women in the desire to give something to help gain the vote for Louisiana women have made substantial donations of money, others whose purses are light but with strong convictions for equality, have searched among their adornments and treasures for bits of discarded jewelry that can be melted into value.

The women on the farms have promised in a number of instances to set aside a wee pig and raise it for the suffrage cause. These suffrage pigs will sell for a goodly sum on reaching maturity and suffrage sausage or voters-women bacon will be accorded coveted place on fortunate breakfast tables. But whether dollars, pigs, sausage or brooches the suffragists agree that their methods will be as effective as bullets in obtaining the vote.

## Grassy Cove

Rev. J. R. Smith was here from Lowenthal last week.

Brown Hristow and sister, Miss Sarah, went to Crab Orchard Tuesday. R. E. Kemmer went to Sparta on business last week. Bratcher Wilson went to Goodstock Tuesday.

A few of our people celebrated the fourth on Friday at the old Baptist church spring with speaking and races in the forenoon and a basket dinner; also horse back riding and driving and a ball game in the evening. The speakers were G. W. Davenport and J. W. Dorton, of Crossville. Mr. Dorton made a fine speech as did also Mr. Davenport. Mr. Dorton, wife and children and Miss Nellie Burnett, of Crossville, attended the picnic.

Misses Maude Swicegood and Marie Cline and the ball team were over from Crab Orchard Friday.

Rev. J. R. Smith, of Lowenthal, attended the picnic Friday.

The Grassy Cove and Crab Orchard boys played two games Friday evening, with both games favorable to the home team. The games stood 7 to 5 and 7 to 2.

Saturday morning Lige Cox accidentally shot and killed his brother Walter. It seems the boys were going hunting and had gone only a short distance from their home when the boy thought he would shoot a bird and his gun went off before he was ready and killed his brother instantly. The remains were buried at the Baptist church cemetery here Sunday evening. Revs. S. A. Knox and J. R. Smith conducted the funeral services.

Misses Maude Swicegood and Marie Cline, of Crab Orchard, are visiting relatives and friends here at present. W. B. Andrews was in Crossville Monday on business.

Mrs. J. A. Kemmer and children visited her mother, Mrs. T. E. Wilson, at Crab Orchard Saturday and Sunday, July 5. Tube Rose.

## WHAT BILL DID.

Bill Turner was a farmer, he labored all his life. He didn't have no schools in' and neither had his wife.

But Bill was built for business and made the wheels go round, and left a healthy fortune when they put him under ground.

He was always taking chances, paid a hundred for a bull. His neighbor called him crazy, but he left a stable full of cows that broke the record, making butter by the ton, an' Bill had his picture printed in the Squeedunk Weekly San.

He had newfangled notions of making farming pay. He even bought a fool machine to help him load his hay.

The neighbors fairly snorted when they saw the bloomin' thing; said Bill would never make it work. It wasn't worth a ding!

Bill didn't say a single word, an' didn't care a darn 'bout what they said, fer slick as grease, his hay went in the barn an hour before a thunder storm came sailin' out that way and caught his neighbors in a pinch and spoiled their new mown hay.

Bill's neighbors put their milk in cans, and set 'em in a tank. Bill skinned his milk with a machine and turned it with a crank.

Smith chops his firewood with an ax. Bill used some gasoline and saws a hundred cords a day with another blame machine.

Today Bill's wife rides in a car and dresses up in silk. Smith's wife rides in a wagon and keeps on skinning milk.—Taylor County, Ky., Enquirer.

## WANTED NOW.

Right now, when hay fever is attacking its victims and when asthma is causing so much distress there is a demand for Foley's Honey and Tar Compound the remedy that brought relief to thousands in previous years. Don't continue to suffer. It will help you. Contains no opiates. For sale by Reed & Burnett.

## Winesap

Farmers are behind with their work in this part, due to so much rain.

Quite a number from this section attended the Children's day at New Era Sunday.

Rev. I. J. Burgess and daughter, Miss Della, spent Saturday night and Sunday in Sequatchie valley.

Mrs. Bill Wyatt, who has been sick for a few days, is improving.

Miss Ollie Seever leaves for Sparta today for a brief visit.

Rev. Ben Brewer was visiting in Sequatchie valley Saturday and Sunday.

The marriage of Miss Ollie Burgess, of Winesap, and Mr. Arthur Miller, of Nine Mile, was quietly solemnized by Rev. Pennegress Sunday. It was followed by a dinner given at the home of the bride at six o'clock. There were quite a number of relatives present and also Mrs. Seever and family. The bride and groom left for the home of the groom Monday, where they expect to remain for a few days before leaving for their future home at Newton. The bride is an attractive young lady and has many friends. The groom is a successful young farmer and is popular among his friends. We extend to them our heartiest congratulations. July 1. Rose.
